"Gentlemen: We herewith refer to you the application of herewith refer to you the herewith refer to you the herewith refer to you the herewith refer to you have a herewith refer to you the herewith refer to you have a herewith refer the Chief Engineer of the Fire Department for hose, and respectfully recommend that his request be granted. The papers were referred to the joint com-mittee on finance and public property, which committee on November 22nd recommended an appropriation of nine hundred dollars. Early in the year 1905, hose (one thousand feet) was purchased of the Fabric Fire Hose Com-

pany, the Reliance receiving 700, and the Columbia 300 feet. About one year prior to this purchase, or on December 19, 1903, the city paid James Boyd & Brother of Philadelphia, for 1,000 feet, the Reliance, at that date, receiving 600 feet, and the Columbia, 400 feet. Ohief Pettey in his letter to the fire wardens in 1904, and to which we have referred, said that "the Reliance had 800 feet of serviceable, and 200 feet of unserviceable hose, and the Columbia 1,800 feet of serviceable, and 500 feet unverviceable

hose." It is not known by the City Council what is the condition, or what amount of hose the city uses, as the wardens have not as yet apprised them. This information will perhaps be furnished to Council on Tuesday night. ACCIDENT TO A FREIGHT CAR.

CASE ARGUED.

The case of Mary A. Burroughs against the Knights of Colombus, a fraternal order, of New Haven, Conn., in which the plaintiff seeks to recover the sum of \$1,000, representing the amount of a policy held by her late son, William J. Burroughs, was argued today in the Court of Appeals. The case came up in the Corporation Court in this city, and the plaintiff secured a verdict. The order, however, appealed from the decision of the lower court.

SONS OF VETERANS.

The committee appointed at a recent Confederate veterans and veterans to meet tonight at 8 o'clock in Lee Camp Hall. Mr. Robert E. Lee, ir., of Fairfax county, will be the principal speak-er. Rev. Mr. Morton, rector of Christ Church, and several others have accepted the invitation of the committee to be present and address the meeting.

LEG AMPUTATED, Edward L. Mahoney, a young man, who resides at 110 south Henry street, a freight brakeman on the Southern Railway, had his left foot and leg badly crushed by falling from a moving train near Bealeton last Saturday. He was brought to the Alexandria Hospital, where later it was found necessary to amputate the injured leg below the knee.

the Men's Meeting in the Young People's Building yesterday afternoon. Many who were there pronounce it the most impressive service of its character that has been held in Alexandria in twenty years. Mr. E. C. Mercer, who is now engaged in the college work of the Young Men's Christian Association, told the marvelous story of his life. How he had gone out from the University he had gone out from the University and off with Drew Costello and had come to of Virginia into a life of sin; down and off with Drew Costello and had come to down until his own father and all of his this city. He reported at the station down until his own father and all of his this city. In this condition he went to the Jerry McCauley mission on Water street, New York City, accepted Christ and started on a new life. At the death of Mr. Hadley he was appointed superintendent of the mission in which capacity he served for eighteen months, nutil September 1906, when he tack up his present most. His father took up his present work. His father, who was a skeptic, visited his son in New York and the transformation of his son won him to faith in Christ. Mercer did not make parade of his life Mr. Park, and he was taken iff the car.

Later he was conveyed to the Alexandria Hospital, hut subsequently went to his home. A DISMAL SUNDAY.

A cold northeasterly wind and rain endered conditions extremely uncom fortable out of doors yesterday. Considerable rain felt, and in some places on the outskirts of the city fields were covered with water. There were also some flarries of snow, and some hall fell. The embankment of the Washington-Southern Railway at Spring Park was damaged considerably by the rains, so much so that the track on the western side of the embankment will not be used until repairs shall have been made. The embankment at that point has given trouble

during the past two or three years. A Significant Prayer.

FUNERAL.

The funeral of the late Merriwether T. Carter took place yesterday evening from the residence of his brother-in-law, Mr. J. W. Rice, on south Pitt street. The services were conducted by Rev. W. J. Morton, of Christ Church, and the pallbeaters were Messrs. C. W. Ashby, J. P. Robinson, R. F. Knox, Brooke Carter, G. W. Ramsay and Hubert Snowden. The remains rested in a casket of Confederate gray, covered with a Confederate flag. The interment was in Bethel Cemetery and at the conclusion of the services at the grave the Confederate burial ritual was read by Adjutant More than two hundred men attended C. S. Taylor, of Lee Camp.

HUSBAND ASSAULTED. A man giving his name as Fred of Johnstown, Pa., came here yesterday with his little son in search of his wife, who, he said, had run a house on north Lee street last night where he found his wife with Costello, and that the latter had assaulted him. He secured a warrant for the arrest of Costello and the woman and both were subsequently arrested and held for trial

SHOOTERS HILL. The plans for the development of

Shooters Hill as a high class residence acction of the city have now been persection of the city have how even per-fected by Mr. Frank L. Slaymaker, Alexandria's "New Broom" in the real estate business, who is the originator of the plan. The property is to be sub-di-vided into blocks and lots, with sell lots large enough for every house to have a good lawn around it, and there will be careful provision made to insure the erection of a high class of dwellings. With the 25 minute schedule on the electric line from Spring Park to Penn- and varied assortment of goods. sylvania avenue and 20 minutes by steam trains to the new Union Station, in Weshington, this property will be by far the nearest high class residence section to the center of Washington in point of time, which should bring numbers of Washingtonians to live here. This plan to give Alexandria a new residence section is awaking quite a lively interest in the city, and a number of lots have already been spoken for. The technical details of the plan are given in our advertising columns.

CROPS DAMAGED BY FLOODS. Bain and snow which fell in great uantities generally over Virginia on Saturday and yesterday have swollen the streams out of their boundaries and done nestimable damage to crops which were title on the ground. High water is expected in Richmond today, although it is not anticipated that the danger point will be reached. The water at Columbia was 15 feet beyond normal last night. The water is still rising.

Reports from other sections are to the effect that the rains have swollen the streams, which are flooding the low grounds. In the mountain section there was a heavy fall of snow Saturday night the ground being covered to a depth of several inches.

Three hundred feet of the concrete feeder walls at the Richmond Waterworks, were swept away by the high-water yesterday morning. The walls, which are 16 feet high and several feet wide, had just been completed. Quite a heavy snow fell in the northwestern part of the State.

A royal decree was issued in Lisbon today denying auarchists and political conspirators the construction of regular courts and subjecting them to the jurisdicton of a special tribunal created for the occasion. The Lisbon examining magistrate approved the first president of this court, instantly resigned.

I have this day accepted the agency for the Patent Fin Hot Water Heater. It is now on exhibition in my store where you can inspect same. It is the most modern up-to-date Ganheated Hot Water Radiator in the World.

When it is considered that we must depend on some method of artifically heating our homes and public places practically helf the year, and that during this time our life is largely spent indoors in an artifical atmosphere and temperature, it certainly seems natural that we should use methods of heating that would not endanger health (by violating Nature's laws of playsies and physiolty), nor be needlessly expensive and wasteful. Yet, the fact is, a very small proportion of our homes and uniness places are healthfully, comfortably and economically heated.

The Patent Fin Hot Water Radiat, or does this or otherwise you may recreturn it. Come in and let us explain it.
